Please give your Valuable suggestions,if any

1. Students need to be well aware of domain knowledge and the applicability of domain knowledge to practical scenario
2. The projects that they have done, need to be clarified well
3. Students should attend meaningful webinar, lectures from industry and make it as a habit of noting down points and experiences and they should utilize these opportunities
4. Students should not bluff the CV, they should write the things which is true and should describe that
