About Activity:

The student Training Program (STP) is as an alternative form of education for each year of students in four-year Engineering course in RMD Sinhgad School of Engineering, Warje. Grooming the students for the industry needs and behavioral aspects in life are

covered by conducting student Training Program. STP co-ordinator worked cooperatively to successfully complete the STP- II for SE students.

STP-II modules are designed in such fashion that the students try to inculcate the habit of active listening in them which is very much essential thing in life to succeed. The habit of active listening is very important and will surely help students to achieve better prospects. During whole year, the STP coordinator developed a continuous and comprehensive evaluation process using different modules. STP-II includes total four different modules out of which active listening was covered by **Prof. Shilpa Dhanorkar**. She has guided students regarding how to enhance their Listening skills with various Listening skill Models and by conducting activities like Chinese whispers.
