About Activity:

It is started with the introduction of importance of reading skills. Reading not only helps us to gain knowledge but also empowers us with the power of reasoning. It enables us to understand things better and gives direction to our lives. Reading develops our imagination and intelligence, helps us to think out of the box, strengthens our vocabulary, improves memory power, etc.

Total four activities are carried out

Activity 1:

Instructed a student to read out the few sentences stressing on specific words. Asked others to write the meanings that they draw by listening to the same sentence every time.

Activity 2:

Instructed two students to read the the passage. Observe whether they recognize the punctuations

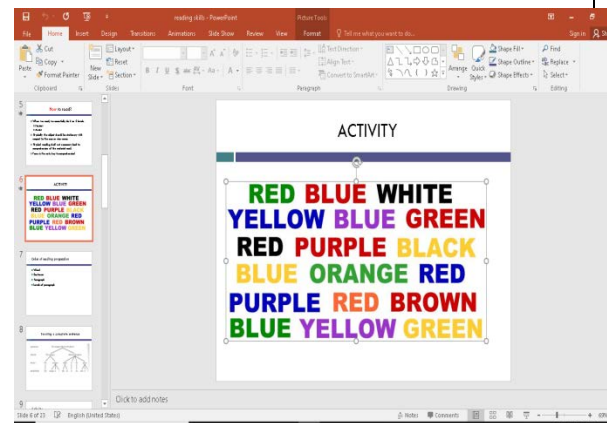

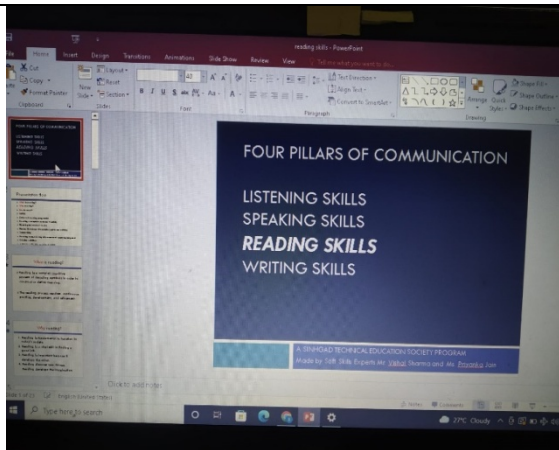

Activity 3:

Asked students to read the passage and answer the questions

Activity 4: Asked every student to read one article from newspaper
