A Detailed Report:

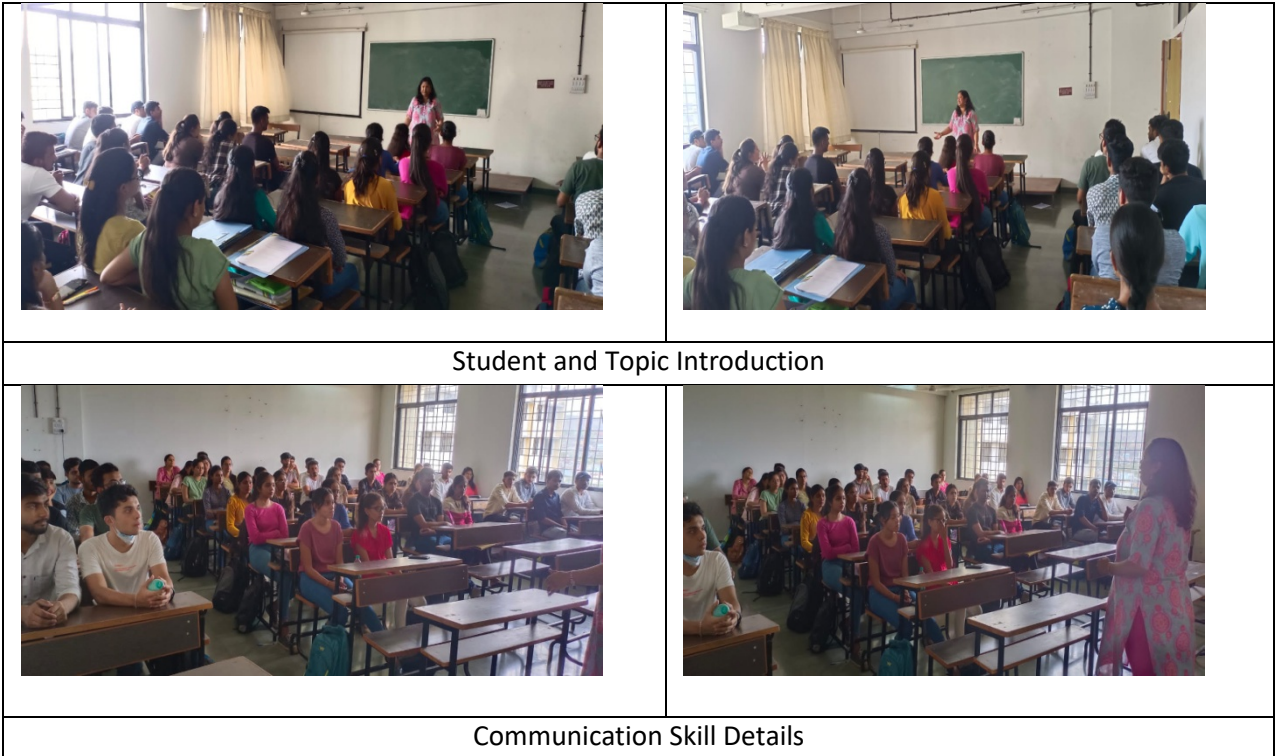

Online audit course **“Developing Soft Skills and Personality”** organized by E&TC Department was started at **11.00 am** on **Tuesday 13th May 2022** for SE students. The **total 52 no of students** were participated from E&TC .

Soft skills comprise pleasant and appealing personality traits as self-confidence, positive attitude, emotional intelligence, social grace, flexibility, friendliness and effective communication skills.

Personality traits are enduring characteristics that describe an individual’s attitude and behaviour. Examples are agreeableness, aggression, dominance and shyness. Most of these traits have been found to be quite stable over time. This means a person who is cold and uncaring in one situation is likely to behave similarly in other situations.. Personality development not only makes you look good and presentable but also helps you face the world with a smile. Personality development helps you develop a positive attitude in life.

The webinar was concluded on 13th May 2021 at 11.00 am. The vote of thanks was given by Mrs. Rupali Patil and Student Saniya.
