COMMITTEE ACTIVITY REPORT A.Y. 2021-2022

Report on BE Audit Course Sem-I “Green Energy”

Sr. No.	Event Details	
1.	Name of the Event:	Green Energy- Audit Course for BE Sem-I
2.	Institute Name:	RMD Sinhgad school of Engineering, Pune
3.	Date and Place:	Microsoft Teams 03/12/2021
4.	Level of the Event:	University prescribed course for Sem-I
5.	Target Audience:	B.E. Students (E&TC)
6.	Purpose:	To get the knowledge about natural resources and renewable energy sources.
7.	Faculty Coordinators:	Mrs. Deepali Newaskar

About Activity:

Department of E&TC had organized an audit course on Green Energy. **Prof. Pushkar Golekar**, faculty of Mechanical department was invited to deliver the session on 3rd Dec 2021 from 10:30 am to 11:30 am.

During the session, speaker introduced students with the knowledge about green energy, its types, why it is so important, can it replace fossil fuel, etc.

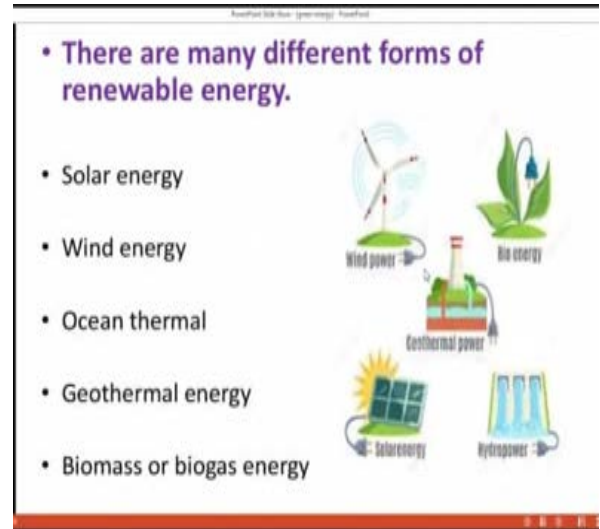

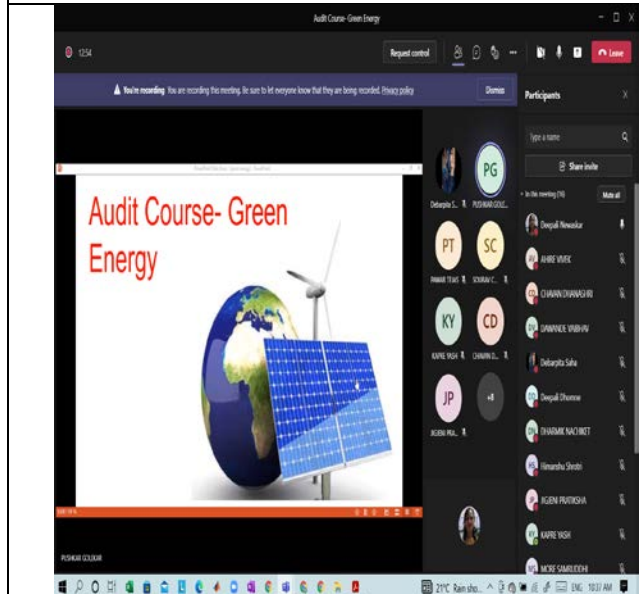

Green energy looks to be part of the future of the world, offering a cleaner alternative to many of today's energy sources. Readily replenished, these energy sources are not just good for the environment, but are also leading to job creation and look set to become economically viable as developments continue.

The fact is that fossil fuels need to become a thing of the past as they do not provide a sustainable solution to our energy needs. By developing a variety of green energy solutions we can create a totally sustainable future for our energy provision, without damaging the world we all live on.

TWI has been working on different green energy projects for decades and has built up expertise in these areas, finding solutions for our Industrial Members ranging from electrification for the automotive industry to the latest developments in renewable energy.
