## **About Activity:**

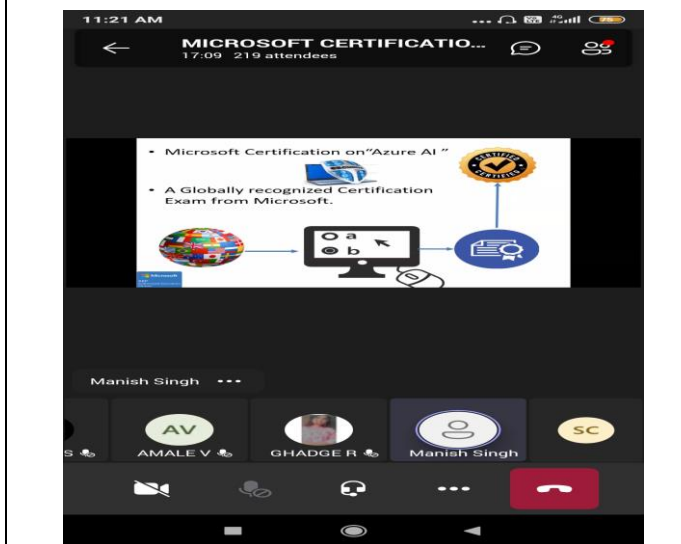

The meeting started with the introduction of our host **Mr. Prateek Tiwari**. He started off by saying the importance of Microsoft azure certificate that how it's important and why should we do this course. It was a very beautifully explained session. Then our speaker moved on to explain what is machine learning and the importance of it. He also showed how the technical world is attached to ML (machine learning), he showed some newspaper cut outs and some snapshots of magazines regarding the same. Then he also explained about the concepts of python. Lastly, he concluded by saying that if we do the microsoft azure course in machine learning it'll be really beneficial for us in the IT industry.

Types of Machine learning

Machine learning landscape

About Python

**Program outcome:**

It was really a well-organized session and well delivered by speaker Mr. Prateek Tiwari sir from ATS Learning Solutions. He explained the concepts in very nice way along with the need for students to move into the emerging field. He guided and encouraged students to do the Microsoft azure certification course as soon as possible and explained how it will help them in their career growth.
