**Report on “STP-I Module 4”
Module 4: Group Discussion**

Sr. No.	Event Details:	
1.	Name of the Event:	Student Training Program-I
2.	Date, Place & Time:	Offline 2 hours sessions conducted on 02 Dec 2022, 11:30 am to 01:30 pm
3.	Level of the Event:	E & Tc departments of RMD Sinhgad School of Engineering
4.	Target Audience:	S. E. (E & Tc) and (IT) Students of RMDSSOE
5.	Participants:	S. E. (E & Tc) and (IT) Students of RMDSSOE
6.	Purpose:	To enhance the Public Speaking skills of students.
7.	Program Co-ordinator:	Mrs. Deepali Newaskar

About Activity:

The student Training Program (STP) is as an alternative form of education for each year of students in four-year Engineering course in RMD Sinhgad School of Engineering, Warje. Grooming the students for the industry needs and behavioral aspects in life are covered by conducting student Training Program. STP co-ordinator worked cooperatively to successfully complete the STP- I for SE students.

These modules are designed in such a fashion that the whole procedure of STP-I would benefit students in their career. During whole year, the STP coordinator developed a continuous and comprehensive evaluation process using different modules. STP-I includes total 10 different modules out of which Public Speaking was covered by **Prof. Bhavna R. Pawar**. The Art of Group Discussion is important to learning in all disciplines because it helps student's process information rather than simply receive it. Leading a discussion requires skills different from lecturing. The goal of a discussion is to get students to practice thinking about the course material. She has guided students through activities in which students discussed topics among them and present it.

“STP-I Module 4 : Group Discussion

Introduction of Group Discussion

Explained Importance of Group Discussion

Conduction of Activity on Group Discussion

Explained Improvements Needs After Activity

Program Outcome:

Group discussions promote a deeper understanding of a topic and increase long-term retention. Group discussions can also help increase participants' attention and help maintain their focus by involving them in the learning process. Group discussions can also provide feedback to instructors on participant comprehension. Students actively participated in activities and felt confident by discussing topic and heard what others said about the same topic.
