About Activity:

It all started with the introduction of our speaker Mr. Akshay Khirid about his teaching experiences and his academic qualifications. Then he moved on to explain that why it is important to learn foreign languages and how it can be beneficial for students to work in IT industry. He explained in a very beautiful manner that if a single foreign language is known, it will benefit all students for their future. He also explained the era of competition if students learn a foreign language, it'll not only help them if they go abroad for further studies but also will help them in the IT industry as it will give added advantage that will differentiate students from the rest.
