Report on "Student Training Program-I"

Module 1 : Manners and Etiquettes

Sr. No		Event Details:
1.	Name of the Event:	Student Training Program-I
2.	Date, Place &Time:	Offline 2 hours sessions conducted on **23 Aug 2023, 11:30 am to 01:30 pm**
3.	Level of the Event:	IT departments of RMD Sinhgad School of Engineering
4.	Target Audience:	S. E. IT Students of RMDSSOE
5.	Participants:	S. E. IT Students of RMDSSOE
6.	Purpose:	To enhance maximize the effectiveness of students efforts.
7.	Program Coordinator:	

About Activity:

The student Training Program (STP) is as an alternative form of education for each year of students in four-year Engineering course in RMD Sinhgad School of Engineering, Warje. Grooming the students for the industry needs and behavioral aspects in life are covered by conducting student Training Program. STP coordinators worked cooperatively to successfully complete the STP- I for SE students.

These modules are designed in such a fashion that the whole procedure of STP-I would benefit students in their career. During whole year, the STP coordinator developed a continuous and comprehensive evaluation process using different modules. STP-I includes total 10 different modules out of which **Manners and Etiquettes** was covered by **Prof. Rajendra Solunke** of Mechanical Engineering Department. Manners are polite behaviours that reflect an attitude of consideration, kindness, and respect for others. Etiquettes are rules governing socially acceptable behaviour. It is a code of polite conduct based on social acceptance and efficiency.

Program Outcome:

Students learned in this session What are Good Manners? Courtesy, politeness or having good manners are all about respecting others and yourself. Good manners is about considering the feelings of other people, and being the kind of person that others will like and respect. Students also learned good manners at college and hostel, manners in travelling and good manners in society.

Report on "STP-I Module 2"
Module 2: Public Speaking

Sr. No.	Event Details:	
1.	Name of the Event:	Student Training Program-I
2.	Date , Place & Time :	2 hours sessions conducted on 30/08/2023 11.30AM to 1.30
3.	Level of the Event:	Department of Information & Technology
4.	Target Audience:	All S. E. Students Information & Technology
5.	Participants:	S. E. Students
6.	Purpose:	To enhance the public speaking skills of students.
7.	Program Co-ordinator:	Ms. Shinde Snehal

About Activity:

The student Training Program (STP) is as an alternative form of education for each year of students in four year Engineering course in RMD Sinhgad School of Engineering, Warje. Grooming the students for the industry needs and personality development in life are covered by conducting student Training Program. STP co-coordinator worked cooperatively to successfully complete the STP- I for SE students.

STP-1 modules are designed in such fashion that the students try to inculcate the habit of defining their skills after engineering as well as in future which is very much essential thing in life to succeed. The habit of public speaking and confidence is very important and will surely help students to achieve better prospects. During whole year, the STP coordinator developed a continuous and comprehensive evaluation process using different modules. STP-1 includes total ten different modules out of which second module i.e. public speaking were covered by Ms. Sneha Bhende. As the session was going on students were more excited to share their views or perspective to look toward the further opportunities of engineering in various different ways, which initiated in asking few basic questions like what, why, where and suggested students to do prior analysis of the place where they are going to present and how to enhance the public speaking skills.

Students learnt various aspects from the activities conducted during the session.

DEPARTMENT OF INFORMATION TECHNOLOGY
Report on "STP-I Module 6"
Module 6: SWOT

Sr. No.	Event Details:	
8.	Name of the Event:	Student Training Program-I
9.	Date , Place & Time :	Offline 2hours sessions conducted on 04/10/2023 11:30am to 1:30 noon
10.	Level of the Event:	IT and ENTC departments of RMD Sinhgad School of Engineering
11.	Target Audience:	IT and ENTC S. E. Students of RMDSSOE
12.	Participants:	IT and ENTC S. E. Students of RMDSSOE
13.	Purpose:	To enhance the listening and presentation skills of students.
14.	Program Co-ordinator:	Ms. Snehal Shinde

About Activity:

The student Training Program (STP) is as an alternative form of education for each year of students in four year Engineering course in RMD Sinhgad School of Engineering, Warje. Grooming the students for the industry needs and behavioral aspects in life are covered by conducting student Training Program. STP co-ordinator worked cooperatively to successfully complete the STP- I for SE students.

STP-1 modules are designed in such fashion that the students try to inculcate the habit of defining their goal after engineering as well as in future which is very much essential thing in life to succeed. The habit of setting the goal and giving cross check to it by SWOT analysis is very important and will surely help students to achieve better prospects. During whole year, the STP coordinator developed a continuous and comprehensive evaluation process using different modules. STP-1 includes total ten different modules out of which modules i.e. SWOT Analysis were covered by **Mr. Saurabh Parhad** respectively. As the session was going on students, we more excited to share their views or we can say perspective too look toward the further currier of engineering in various different ways, which initiated me in asking few basic questions like what, why, where and suggested students to do prior analysis of the place where they are going to present and how to enhance the presentation skills. By doing SWOT Analysis at every step of life which will open the doors for them to move ahead.

Grooming the students for the industry needs and behavioral aspects in life are covered by conducting student Training Program. STP co-coordinator worked cooperatively to successfully complete the STP- I for SE students.

STP-1 modules are designed in such fashion that the students try to inculcate the habit of goal setting in them which is very much essential thing in life to succeed. The habit of goal setting is very important and will surely help students to achieve better prospects. During whole year, the STP coordinator developed a continuous and comprehensive evaluation process using different modules. STP-1 includes total ten different modules out of which one module Personal & Career Goal Setting was conducted by Ms. Sneha Bhende. Session expert guided the students about various short and long term goal settings. Students listed out their goals in personal and in career and prepared the path plan to achieve it. Many examples have been given in the session to motivate and inspire the students to plan and achieve the proper goal in life. Goal setting is essential to enhance the personal and career graph and to inculcate the values of profession ethics in life. Proper goal setting leads to the excellent destination.
