Report on Seminar "Soft Skills & Business Ethics"

Program Committee:	Dr. V. V Dixit Dr. S. S. Mulik Mr. Saurabh Parhad
Program Co-ordinator:	Prof. Snehal Shinde
Date:	27th October, 2023
Venue:	RMD Sinhgad School of Engineering, Warje, Pune.

About Activity:

Department of CSE & IT, RMD Sinhgad School of Engineering, Pune organized expert session/webinar on "Soft Skills & Business Ethics" for non-teaching staff on 27th October, 2023. MR. Abhinav Koyale, Founder & CEO, ABKO English Academy ,gave us valuable knowledge Soft skills are character traits and interpersonal skills that characterize a person's relationships with other people, leadership, creativity, communication, empowerment and self-empowerment, emotional intelligence, resilience, and so on. We recognize them in the workplace, when they are already in play. We are impressed by such talents and understand how positive they are. We try to select people endowed with these qualities, because we know they are the real added-value: they are contagious.

Soft Skills are not merely actors, like Hard Skills. The intelligence behind Soft Skills requires thought, and the outcome of this thought is not

definable in advance. Soft Skills that are in captivity, tamed, domesticated, have about as much naturalness as a caged lion.

Photo:

Program Outcome:

- 1) Understand the how to manage business ethics.
- 2) Develop effective communication skills and effective presentation skills.
- 3) Conduct effective business correspondence and prepare business reports which produce results.
- 4) Soft skills provide a strong conceptual and practical framework to build, develop and manage teams.
- 5) Soft skills are defined as the behavioral skills required to succeed when working with other people.
